How it works

This is a 6-8 team (6player/1gk per team) tournament, every player entering will be graded (from information on play history and coaches) 1-6 (excludes GK) and then teams will be drawn. Goaltenders will be added as a modifier to try and make all teams as even as possible.

previous comments - "excellent value for money" "best tournament I have ever been to"
"exceptionally well run as usual" "I will never miss this tournament, its a fantastic laugh" "I am definitely in the next one, I can't wait"

Subbing will be done by number so all players get even time

It will be a non checking puck event and as the standard and age will be vastly varied it is expected the more experienced and bigger players will be considerate of the smaller and less experienced. Younger players must consider that they will be playing with & against players whom are bigger and older. The organisers can accept no liability in this regard. Accident insurance is NOT included but recommended. VISIT – www.rollerhockeytournaments.co.uk for upto date info on this event

Grading is based on ability of all players entered ie player graded number 1 will be considered to be slightly stronger in ability than a player graded 2 and so on..

IMPORTANT!!THIS TOURNAMENT IS ALWAYS OVER SUBSCRIBED SO GET YOUR FORMS/FEES BACK EARLY TO GUARANTEE YOUR SLOT.

No shows may NOT be permitted to enter DX Mixemup in future

Please ensure you can play BEFORE entering as drop outs badly effect team composition and will spoil the event, no refunds can be given
